

# Keeping kids safe!

## Think quick activity cards

### Activity

You usually walk to school with your friend. When you get to their house this morning they say, "let's wag school today."

You're at a friend's house for a sleepover. They tell you they've got a MA15+ movie you can watch on their brother's laptop.

You're walking home from school and it starts raining. A car pulls over and you think you recognise the driver as one of your Dad's mates. They offer you a lift home.

You've been friends with Alex online for a while now. You have lots in common. You're the same age and you both like riding and funny cat videos. Alex asks where you live, so you can meet in person.

You've arranged to meet some friends at the movies. Your mum drops you off and you tell her that you'll call her when you know what time the movie is finishing. As soon as she leaves, you realise you forgot your phone.
