

# Safe Bedrooms

A initiative of the Daniel Morcombe Foundation

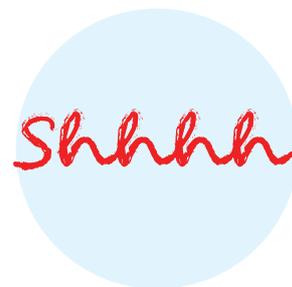

## KNOW THE EARLY warning signs of online grooming

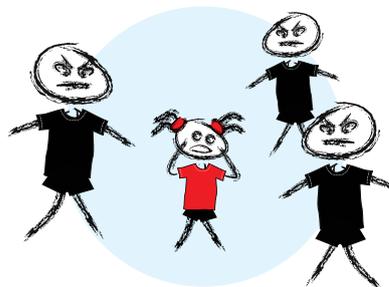

Your child spends an increased or excessive amount of time online

Your child is excessively secretive about their use of technology, including social media

You may find sexualised search results which demonstrates that your child has searched what they have been asked

Your child engages online with people they don't know personally

Your child receives unexplained gifts (often e-vouchers)

Your child uses sexualised language

Your child displays mood changes (hyperactive, secretive, hostile, withdrawn)

**If you're not talking to your child, who is?**
